U.S. scientists to study impact of Kerala flood

The Hindu, New Delhi, Dated: August 29, 2018

A team of scientists from the U.S.-based Geotechnical Extreme Events Reconnaissance (GEER) Association is arriving here on September 3 to investigate the impact of the torrential rains that wreaked havoc across Kerala.

The delegation is led by Thomas Oommen, Associate Professor, Michigan Technological University and Richard Coffman, Associate Professor, University of Arkansas Sajin Kumar K.S., Assistant Professor, Department of Geology, University of Kerala, will coordinate the visit. The week-long study is sponsored by the U.S. National Science Foundation.
