Report Volume – I

Foreword
 Preface
 Check List
 Salient Features
 Index Map
 Executive Summary
 List of Officers Associated in Preparation of DPR
 Contents

| Para No. | Particulars | Page No. |
|----------|--|----------|
| | Chapter – 1 Introduction | |
| 1.0 | General | 1 |
| 1.1 | Proposal Received from Government of Tamil Nadu | 1 |
| 1.1.1 | Aim and Justification of the Project | 2 |
| 1.2 | Location of Project Area | 4 |
| 1.3 | Communication Facilities | 5 |
| 1.4 | General Climatic Conditions of the State and Project Area | 5 |
| 1.5 | Topography, Physiography and Geology of the Area | 6 |
| 1.6 | Population Affected/Benefitted etc. | 7 |
| 1.7 | Natural Resources in the Basin | 8 |
| 1.7.1 | Ponnaiyar Basin | 8 |
| 1.7.2 | Palar Basin | 8 |
| 1.8 | Land Use and Socio-Economic Aspects | 8 |
| 1.9 | Earlier Studies | 9 |
| 1.9.1 | Pre-feasibility Report (PFR) | 9 |
| 1.9.2 | Main Components Proposed at PFR Stage | 10 |
| 1.10 | Present/Alternate Studies at DPR Stage | 10 |
| 1.10.1 | Main Components of Present/Alternate Proposal | 11 |
| 1.10.2 | Background for Changes at DPR Stage | 11 |
| 1.11 | Project Planning and Optimisation of Benefits | 12 |
| 1.12 | Intimation to the Other Development Authorities Regarding the Scheme | 13 |

| Para No. | Particulars | Page No. |
|-----------------|--|-----------------|
| 1.13 | Experiences of Inter linking of Rivers in India | 14 |
| 1.14 | Methodology Adopted | 16 |
| 1.14.1 | Surveys & Investigations | 16 |
| 1.14.2 | Topographical surveys | 17 |
| 1.14.3 | Investigations carried out by Other Agencies | 17 |
| 1.14.4 | Technical Studies | 17 |
| 1.14.4.1 | Hydrological Studies | 17 |
| 1.14.4.2 | Irrigation Planning and Command Area | 18 |
| 1.14.4.3 | Design of Important Project Components | 18 |
| 1.14.4.4 | Construction Program, Man-Power and Plant Planning | 19 |
| 1.14.4.5 | Socio-Economic Survey, Environmental Impact Assessment (EIA) and Environment Management Plan (EMP) | 19 |
| 1.14.4.6 | Ground Water Recharge survey | 19 |
| 1.14.4.7 | Cost Estimate and Economic Analysis | 19 |
| 1.15 | Monitoring Mechanism | 20 |
| 1.16 | Clearances Required | 21 |
| 1.17 | Public Announcement and Public Hearings | 21 |
| 1.18 | Interlinking of the Schemes with Neighbouring Schemes | 21 |
| 1.19 | Inter-state/International Aspects | 22 |
| 1.20 | Public Co-operation and Participation | 22 |
| 1.21 | Provision for Domestic and Industrial Uses | 22 |
| | Chapter – 2 Physical Features | |
| 2.0 | General | 25 |
| 2.1 | Geographical Disposition | 25 |
| 2.2 | Topography of the Basin, Reservoir and Command Area | 26 |
| 2.2.1 | Topography and Physiography | 26 |
| 2.2.2 | Topography of the Command Area | 28 |
| 2.3 | Geology of the Basin and Command Area | 29 |
| 2.3.1 | Geology of Ponnaiyar Basin | 29 |
| 2.3.2 | Geology of Palar Basin | 29 |
| 2.3.3 | Geology of Command Area | 30 |

| Para No. | Particulars | Page No. |
|-----------------|---|-----------------|
| 2.3.3.1 | Geology of Krishnagiri District | 30 |
| 2.3.3.2 | Geology of Vellore District | 31 |
| 2.4 | River System and Basin Characteristics | 31 |
| 2.4.1 | Ponnaiyar River | 31 |
| 2.4.2 | Palar River | 32 |
| 2.5 | River System Enroute the Link Canal | 33 |
| | Chapter – 3 Interstate Aspects | |
| 3.0 | General | 34 |
| 3.1 | States Traversed by the Rivers | 34 |
| 3.2 | Distribution of Catchment in State and Yields from the Catchment of the State Concerned | 35 |
| 3.3 (a) | Effect on Project and of the Project on the Interstate Agreement on Sharing of Waters, Sharing the Benefits and Costs, Acceptance of Submergence in the Upstream State etc., if any | 36 |
| 3.3 (b) | Effect on Project and of the Project on the Interstate Adjudication, if Any | 36 |
| 3.3 (c) | Effect on Project and of the Project on the Interstate Aspect of Territory, Property, etc. Coming Under Submergence, Project Affected People, Rehabilitation, Compensation, etc | 37 |
| 3.3 (d) | Effect on Project and of the Project on the Existing and Sanctioned Projects | 37 |
| 3.3 (e) | Any Other Aspect of the Project Involving Interstate Problems | 37 |
| 3.4 | Interstate Agreement /Legal Instruments | 37 |
| 3.5 | Impact of Water Diversion on Interstate Water Sharing Agreement | 39 |
| | Chapter – 4 Surveys and Investigations | |
| 4.0 | General | 40 |
| 4.1 | Topographical Surveys | 40 |
| 4.1.1 | River Surveys | 42 |
| 4.1.2 | Reservoir Surveys | 43 |
| 4.1.3 | Surveys for Head Works | 43 |

| Para No. | Particulars | Page No. |
|-----------------|--|-----------------|
| 4.1.4 | Plant and Colony Layout Surveys | 43 |
| 4.1.5 | Surveys for Canal and Water Conductor System and Canal Structures | 43 |
| 4.1.6 | Command Area Survey | 44 |
| 4.2 | Other Surveys | 45 |
| 4.2.1 | Archaeological Surveys along the Canal Alignment | 45 |
| 4.2.2 | Mineral Surveys along the Canal Alignment | 46 |
| 4.2.3 | Right of Way Survey for the Reservoir | 46 |
| 4.2.4 | Communication Surveys | 46 |
| 4.2.5 | Drainage Surveys | 47 |
| 4.2.6 | Soil Surveys | 48 |
| 4.3 | Geology, Geo-physical and Seismic Investigations | 48 |
| 4.3.1 | Regional Geology | 48 |
| 4.3.2 | Local Geology | 48 |
| 4.3.3 | Geological and Geotechnical Investigations | 49 |
| 4.3.4 | Laboratory Investigations of Rock Samples | 51 |
| 4.3.5 | Geo-physical Investigations | 52 |
| 4.3.6 | Seismic Investigations | 53 |
| 4.4 | Geotechnical Investigations (Soils) | 54 |
| 4.4.1 | Soil Investigations along the Canal Alignment | 54 |
| 4.4.2 | Laboratory Investigations on Soil Samples from Borrow Area along the Canal Alignment | 56 |
| 4.4.3 | Foundation Investigations of Cross Drainage Structures | 57 |
| 4.5.1 | Construction Materials Survey | 60 |
| 4.5.1.1 | Rock and Aggregates | 60 |
| 4.5.1.2 | Sand | 62 |
| 4.5.1.3 | Bricks and Tiles | 63 |
| 4.5.1.4 | Pozzolona | 63 |
| 4.5.1.5 | Cement | 64 |
| 4.5.1.6 | Steel | 64 |
| 4.5.1.7 | Scarce Material | 64 |
| 4.5.1.8 | Any other Material | 64 |

| Para No. | Particulars | Page No. |
|-----------------|---|-----------------|
| 4.6.8 | Evaporation | 64 |
| | Chapter – 5 Hydrology and Water Assessment | |
| 5.0 | General | 65 |
| 5.1 | General Information about Regions | 65 |
| 5.1.1 | Specific Information | 66 |
| 5.1.1.1 | Drainage Basin | 66 |
| 5.1.1.2 | Command Area | 69 |
| 5.1.1.3 | Floods and Drainage | 69 |
| 5.1.1.4 | River Geometry | 72 |
| 5.1.1.5 | Groundwater Recharge | 73 |
| 5.1.1.6 | Reservoir Area | 73 |
| 5.1.1.7 | Other Water Usage | 73 |
| 5.1.1.8 | Navigation | 74 |
| 5.1.2 | Data Availability | 74 |
| 5.1.2.1 | Hydrological and Meteorological Investigations | 74 |
| 5.1.2.2 | Pan Evaporation | 76 |
| 5.1.2.3 | Climatological Parameters like Temperature, Humidity and Wind Speed | 76 |
| 5.1.2.4 | River Gauge and Discharge | 76 |
| 5.1.2.5 | Sediment (Suspended and Bed Load) Inflow | 77 |
| 5.1.2.6 | Water Quality | 79 |
| 5.2 | Surface water balance of Ponnaiyar basin upto Krishnagiri Dam Site | 79 |
| 5.2.1 | Hydrological Data Requirement | 79 |
| 5.2.2 | Time Unit for Simulation Studies | 79 |
| 5.2.3 | Compilation and Processing of Basic Hydrological Data | 79 |
| 5.2.3.1 | Hydrological Investigation | 79 |
| 5.2.3.2 | Data from other Sources | 80 |
| 5.2.4 | Processing of Data | 80 |
| 5.2.4.1 | Quality of Data | 80 |
| 5.2.4.2 | Filling of Short Data Gaps | 81 |

| Para No. | Particulars | Page No. |
|-----------------|---|-----------------|
| 5.2.4.3 | Adjustment of Records | 81 |
| 5.3 | Water Balance upto Krishnagiri Dam Site | 81 |
| 5.4 | Water Balance upto Nedungal Anicut | 83 |
| 5.5 | Downstream Projects | 84 |
| 5.5.1 | Computation of Yield at Inchampadi Anicut | 84 |
| 5.5.2 | Computation of Yield at Tirukkoilur Anicut | 84 |
| 5.6 | Presentation of Hydrologic Inputs | 86 |
| 5.6.1 | Water Inflows | 86 |
| 5.6.2 | Data Generation | 86 |
| 5.6.3 | Sedimentation Studies | 86 |
| 5.6.3.1 | Rate of Sedimentation | 86 |
| 5.6.3.2 | Area Capacity Curves | 86 |
| 5.6.4 | Potential Evapotranspiration and Rainfall | 88 |
| 5.6.5 | Flood Inputs | 88 |
| 5.6.6 | Inputs for Water Quality | 88 |
| 5.6.7 | Low Flow Inputs | 88 |
| 5.6.8 | Surface to Ground Water Recharge | 88 |
| 5.7 | Study of Spill Waters from Krishnagiri Dam and Quantum of Diversion and Link canal Capacity | 89 |
| 5.8 | Design Flood and Diversion Flood | 89 |
| 5.9 | Studies for Design of Drainage in the Command Area | 89 |
| 5.10 | Determination of Levels for Locating Structures on Outlets | 89 |
| 5.10.1 | Location of Structures | 89 |
| 5.10.2 | Location of Outlets | 90 |
| 5.11 | Model Studies | 90 |
| 5.12 | Minimum Flow for Environmental Consideration | 90 |
| 5.13 | Effect of Project on Hydrologic Regime | 90 |
| 5.13.1 | Effect on Low Flows | 90 |
| 5.13.2 | Effect on Peak Flood | 90 |
| 5.14 | Water Allocation and Inter-state Aspects | 91 |

| Para No. | Particulars | Page No. |
|-----------------|---|-----------------|
| | Chapter – 6 Design Aspects | |
| 6.0 | General | 92 |
| 6.1 | Details of Existing Nedungal Anicut on River Ponnaiyar | 92 |
| 6.2 | Head Regulator | 93 |
| 6.3 | Link Canal | 93 |
| 6.3.1 | Canal Alignment | 94 |
| 6.3.2 | Design Discharge of Canal at Off take Point | 94 |
| 6.4 | Designs | 95 |
| 6.4.1 | Head Works | 95 |
| 6.4.2 | Design Aspects of Link Canal | 95 |
| 6.4.2.1 | Cross Section of Canal | 95 |
| 6.4.2.2 | Manning's Co-efficient (n) | 96 |
| 6.4.2.3 | Shape | 96 |
| 6.4.2.4 | Side Slope | 96 |
| 6.4.2.5 | Free Board | 97 |
| 6.4.2.6 | Bed Slope | 97 |
| 6.4.2.7 | Top width of Bank | 97 |
| 6.4.3 | Description of Soil Profile along the Canal Alignment based on Geo-physical Investigation | 98 |
| 6.4.4 | Evaluation of the Design Parameters based on the Samples Collected along the Canal Alignment, Borrow Area and Suggested Treatment for Problematic Reaches | 98 |
| 6.4.5 | Backwater Effect | 99 |
| 6.4.6 | Transmission Losses | 99 |
| 6.4.7 | Canal Structures across Link Canal | 99 |
| 6.4.7.1 | Cross Regulators /Canal Regulators | 99 |
| 6.5 | Cross Drainage Works | 101 |
| 6.5.1 | Aqueducts | 101 |
| 6.5.2 | Canal Syphon | 101 |
| 6.5.3 | Super Passages | 102 |
| 6.5.4 | Under Tunnels / Elevated Trough | 102 |
| 6.5.5 | Bridges | 103 |

| Para No. | Particulars | Page No. |
|-----------------|---|-----------------|
| 6.5.6 | Canal Escape | 103 |
| 6.6 | Infrastructure Studies | 103 |
| 6.7 | Navigation and Tourism Development | 104 |
| 6.8 | Operation and Maintenance | 104 |
| | Chapter – 7 Reservoir and Power | |
| 7.0 | General | 105 |
| 7.1 | Fixation of Storage and Reservoir Levels | 106 |
| 7.1.1 | Full Reservoir Level | 106 |
| 7.1.2 | Dead Storage Level | 106 |
| 7.1.3 | Minimum Draw Down Level | 106 |
| 7.1.4 | Maximum Water Level | 106 |
| 7.1.5 | Spillway | 107 |
| 7.2 | Water Quality | 107 |
| 7.3 | Sedimentation | 109 |
| 7.4 | Life of Reservoir | 110 |
| 7.5 | Capacities | 110 |
| 7.6 | Area of Submergence (ha) | 110 |
| 7.7 | Flood Absorption/Reservoir Operation Policy | 111 |
| 7.8 | Power | 112 |
| 7.8.1 | World's First Canal Top Solar Power Plant | 113 |
| 7.8.2 | Canal Top Solar Power (PV) Generation - Ponnaiyar -Palar Link Canal | 113 |
| 7.8.3 | Advantages and Limitations of Solar Power (PV) Generation | 114 |
| | Chapter - 8 Irrigation Planning and Command Area | |
| 8.0 | General | 116 |
| 8.1 | Existing/Proposed Irrigation Facilities in the Proposed Project Command Area | 117 |
| 8.1.1 | Enroute Command Area in Krishnagiri and Vellore Districts in Ponnaiyar and Palar Basins | 118 |
| 8.1.2 | Tail End Command Area in the Vaniyambadi Taluka of Vellore District in Palar Basin | 118 |

| Para No. | Particulars | Page No. |
|-----------------|---|-----------------|
| 8.2 | Existing Cropping Pattern | 118 |
| 8.2.1 | Existing Area under Rain-fed Cultivation | 118 |
| 8.2.1.1 | Enroute Command Area in Krishnagiri and Vellore Districts of Ponnaiyar and Palar Basins | 118 |
| 8.2.1.2 | Command Area in Vaniyambadi Taluka of Vellore District in Palar at Out-fall Point | 121 |
| 8.2.1.3 | Rainfall During Monsoon (Max, Min and Normal Rainfall) | 123 |
| 8.2.1.4 | Rainfall During Non-Monsoon (Max. Min. and Normal Rainfall) | 123 |
| 8.2.2 | Net Increase in the Irrigation Facilities Due to Project | 124 |
| 8.3 | Soil Surveys | 124 |
| 8.3.1 | Soil Capability Classification | 124 |
| 8.3.2 | Land Irrigability Classification | 127 |
| 8.4 | Agro-Climatic Conditions | 127 |
| 8.5 | Proposed Cropping Pattern | 128 |
| 8.5.1 | Proposed Irrigation Facilities | 129 |
| 8.5.1.1 | Enroute Command | 129 |
| 8.5.1.2 | Tail end Command at Out fall Point in Vaniyambadi Taluka of Vellore District | 130 |
| 8.5.2 | Scope for Double and Multiple Cropping Pattern and Change in Cropping Pattern | 132 |
| 8.6 | Crop Water Requirement | 132 |
| 8.7 | Water Planning | 135 |
| 8.7.1 | Availability of Surface Water | 135 |
| 8.7.2 | Live Storage | 136 |
| 8.7.3 | Quality of Water | 136 |
| 8.7.4 | Efficiency of Canal and Distribution System | 136 |
| 8.7.5 | Enroute Losses | 137 |
| 8.7.6 | Drinking Water Requirement | 137 |
| 8.7.7 | Canal Capacity | 137 |
| 8.8 | Command Area Drainage | 137 |
| 8.8.1 | Review of Existing Drainage System | 137 |
| 8.8.2 | Drainage System in the Proposed Command Area | 138 |
| 8.9 | Water Courses / Field Channels | 138 |

| Para No. | Particulars | Page No. |
|-----------------|---|-----------------|
| 8.10 | Command Area | 138 |
| 8.10.1 | Command Area Details | 138 |
| 8.10.2 | Climate of Command Area | 147 |
| 8.10.3 | Irrigation | 149 |
| 8.10.4 | Socio-Economic Aspects | 151 |
| 8.10.5 | Infrastructural Facilities | 153 |
| 8.11 | Topography and Soils | 155 |
| 8.11.1 | Topography | 155 |
| 8.11.2 | Land Slopes | 155 |
| 8.11.3 | Soils | 156 |
| 8.12 | Drainage - Density of Natural Drainage | 156 |
| 8.13 | Agriculture | 156 |
| 8.13.1 | Present Land Use | 156 |
| 8.13.2 | Cropping Pattern Followed | 157 |
| 8.13.3 | Agriculture Practices Adopted | 157 |
| 8.13.4 | Farmers Attitude towards Improved Agricultural Practices and Willingness for Payment of Water Rates to Meet O&M Expenses | 158 |
| 8.13.5 | Preparedness by State Irrigation / Agriculture Departments / WUAs / Co-operatives to Adopt Improved Farming System | 158 |
| 8.14 | Problems in the Command Area | 159 |
| 8.14.1 | Physical Problems (Including Hazards) | 159 |
| 8.14.2 | Financial Problems | 159 |
| 8.15 | Proposed Cropping Pattern with Justification based on Land Irrigability Classification, Agro-Climatic Conditions, Developed Irrigated Cropping Pattern in the Adjoining Projects/Areas etc. | 161 |
| 8.16 | Land Development Works | 161 |
| 8.17 | Ayacut Roads | 161 |
| 8.18 | Benefits | 161 |
| 8.18.1 | Crop-wise Increase in Yield/ha and Total Estimated Output from the Command | 161 |
| 8.18.2 | Estimated Cost of Increased Production | 163 |
| 8.18.3 | Likely Socio-Economic Impact | 163 |

| Para No. | Particulars | Page No. |
|-----------------|---|-----------------|
| | Chapter - 9 Construction Program, Manpower and Plant Planning | |
| 9.0 | General | 164 |
| 9.1 | Main Project Components | 164 |
| 9.1.1 | Salient Features of Main Components of the Project | 164 |
| 9.2 | Basis for Study | 165 |
| 9.2.1 | General | 165 |
| 9.2.2 | Construction Material Sources | 166 |
| 9.2.3 | Basic Considerations | 167 |
| 9.2.3.1 | Scheduled Working Hours | 167 |
| 9.2.3.2 | Construction Period | 168 |
| 9.3 | Construction Methodology and Equipment Planning | 168 |
| 9.3.1 | River Diversion Work | 168 |
| 9.3.2 | Conveyance System | 169 |
| 9.3.2.1 | Surface Excavation | 169 |
| 9.3.2.2 | Fill Placement | 170 |
| 9.3.2.3 | Major Construction Plant and Equipment | 171 |
| 9.3.2.4 | Cross Masonry and Cross Drainage Structures | 172 |
| 9.4 | Deployment Schedule | 173 |
| 9.5 | Total Requirement of Major Construction Equipment | 174 |
| 9.6 | Manpower Planning | 174 |
| 9.6.1 | Organisation Set Up | 174 |
| 9.7 | General Purpose Equipment and Inspection Vehicles | 175 |
| 9.8 | Year Wise Allocation of Cost | 175 |
| | Chapter-10 Environment Impact Assessment and Environment Management Plan | |
| 10.0 | General | 176 |
| 10.1 | Objectives of the Study | 176 |
| 10.2 | The Project Proposal | 176 |
| 10.2.1 | The Project Background | 177 |
| 10.2.2 | The Project Justification | 178 |

| Para No. | Particulars | Page No. |
|-----------------|---|-----------------|
| 10.2.3 | The Project Description | 179 |
| 10.3 | Legal Status of the Project | 180 |
| 10.4 | Study Area of the Project | 181 |
| 10.5 | Baseline Environment Data | 181 |
| 10.5.1 | Air Environment | 181 |
| 10.5.2 | Meteorology | 181 |
| 10.5.3 | Water Quality | 182 |
| 10.5.3.1 | Surface Water Quality Monitoring | 182 |
| 10.5.3.2 | Ground Water Study | 184 |
| 10.5.4 | Land Environment | 187 |
| 10.5.4.1 | Land Use | 187 |
| 10.5.4.2 | Mineral Deposits | 187 |
| 10.5.4.3 | Historical/Archaeological Monuments | 187 |
| 10.5.5 | Geology of the Command Area | 187 |
| 10.5.6 | Soils in the Project Command Area | 188 |
| 10.5.7 | Public Health | 189 |
| 10.5.7.1 | Medical and Health Facilities in the Project Command Area | 189 |
| 10.5.7.2 | Sanitation in the Project Command Area | 189 |
| 10.5.7.3 | Drinking Water Supply | 190 |
| 10.5.7.4 | Water Borne and Communicable Diseases | 190 |
| 10.5.7.5 | Nutrition | 191 |
| 10.5.7.6 | Construction Phase | 191 |
| 10.5.7.7 | Post Construction Phase (Operation Phase) | 191 |
| 10.6 | Environmental Impact Assessment | 191 |
| 10.6.1 | Impact on Air Environment | 192 |
| 10.6.1.1 | Impact on Air Quality | 192 |
| 10.6.1.2 | Impact on Noise Environment | 192 |
| 10.6.2 | Impacts on Water Resources and Quality | 193 |
| 10.6.3 | Impact on Land Environment | 195 |
| 10.6.4 | Impact on Biological Environment | 197 |
| 10.6.4.1 | Terrestrial Environment | 197 |
| 10.6.4.1.1 | Impact on Forest Cover and Protected Area | 197 |

| Para No. | Particulars | Page No. |
|-----------------|---|-----------------|
| 10.6.4.1.2 | Impact on Aquatic Ecology | 197 |
| 10.6.4.1.3 | General Environmental Issues | 197 |
| 10.6.5 | Beneficial Impact | 197 |
| 10.6.5.1 | Impact Matrix | 198 |
| 10.7 | Environmental Management Plan | 199 |
| 10.7.1 | Controlling Air Quality at Construction Sites | 199 |
| 10.7.1.1 | Air Pollution Control | 199 |
| 10.7.1.2 | Noise Control | 200 |
| 10.7.2 | Water Pollution Management | 201 |
| 10.7.2.1 | Surface Water Quality | 201 |
| 10.7.2.2 | Ground Water Quality | 202 |
| 10.7.3 | Land Management Plan | 202 |
| 10.7.3.1 | Disposal of Muck/Excavated Material | 202 |
| 10.7.3.2 | Restoration Plan for Quarry Sites | 203 |
| 10.7.3.3 | Silt Transfer | 203 |
| 10.7.3.4 | Command area Management | 203 |
| 10.7.3.5 | Public Health Management | 204 |
| 10.7.3.6 | Management of Flora and Fauna | 204 |
| 10.7.3.7 | Earthquake Management | 205 |
| 10.7.3.8 | Protection of Sensitive and Archaeological Monument Sites | 205 |
| 10.7.4 | Environment Monitoring Programme | 205 |
| | Chapter-11 Socio-Economic Aspects | |
| 11.0 | General | 207 |
| 11.1 | Socio-economic Aspects and Preparation of R and R Plan | 207 |
| 11.1.1 | Demography | 207 |
| 11.1.2 | Agriculture | 208 |
| 11.1.3 | Literacy | 208 |
| 11.1.4 | Public-Health Facilities | 209 |
| 11.1.5 | Educational Facilities | 209 |
| 11.1.6 | Livestock | 210 |
| 11.1.7 | Land Use Pattern | 211 |

| Para No. | Particulars | Page No. |
|-----------------|---|-----------------|
| 11.1.8 | Source of Water for Drinking and other Domestic Purpose in the Project Area | 211 |
| 11.1.9 | Power Supply | 211 |
| 11.1.10 | Transport Facility | 211 |
| 11.1.11 | Banking and Credit Society Facilities | 211 |
| 11.2 | Submergence Area | 212 |
| 11.3 | Project Affected Villages | 212 |
| 11.4 | Agricultural Implements | 213 |
| 11.5 | Marketing Facilities | 214 |
| 11.6 | Income Sources | 214 |
| 11.7 | Resettlement and Rehabilitation and its Cost | 214 |
| 11.7.1 | Compensation on Land Acquisition | 215 |
| | Chapter – 12 Cost Estimates, B.C Ratio and Financial Aspects | |
| 12.0 | General | 216 |
| 12.1 | Classification of Units | 216 |
| 12.2 | Unit-I: Head Works | 217 |
| 12.2.1 | A - Direct Charges | 217 |
| | I-Works | 217 |
| | II-Establishments | 218 |
| | III-Ordinary T & P | 219 |
| | IV-Suspense | 219 |
| | V- Receipt and Recoveries | 219 |
| 12.2.2 | B - Indirect Charges | 219 |
| 12.3 | Unit-II: Canal | 219 |
| 12.3.1 | A - Direct Charges | 220 |
| | I-Works | 220 |
| | II-Establishments | 224 |
| | III- Ordinary T & P | 224 |
| | IV-Suspense | 224 |
| | V- Receipt and Recoveries | 225 |
| 12.3.2 | B - Indirect Charges | 225 |

| Para No. | Particulars | Page No. |
|-----------------|--|-----------------|
| 12.4 | Unit-III: Command Area Development | 225 |
| 12.5 | Total Cost of the Project | 225 |
| 12.6 | Benefit Cost Ratio and Internal Rate of Return | 226 |
| 12.6.1 | Construction Duration and Benefits | 226 |
| 12.6.2 | Direct Benefits | 226 |
| 12.6.3 | Irrigation Benefits | 227 |
| 12.6.4 | Domestic Water | 227 |
| 12.6.5 | Indirect Benefits | 227 |
| 12.6.6 | Annual Benefit | 227 |
| 12.7 | Annual Cost | 227 |
| 12.7.1 | Energy Cost | 227 |
| 12.7.2 | Depreciation | 228 |
| 12.7.3 | Other Costs | 228 |
| 12.8 | Benefit-Cost Ratio | 228 |
| 12.9 | Internal Rate of Return (IRR) | 228 |
| 12.10 | Cost of Project Extended upto Palar | 229 |
| 12.11 | Schedule of Rates and Rate Analysis | 229 |
| | Chapter - 13 Other Aspects | |
| 13.0 | General | 230 |
| 13.1 | Fixing of Sill Level of the Canal Head Regulator | 230 |
| 13.2 | Canal Top Solar (PV) Power Plant | 230 |
| 13.3 | Environmental Impact Assessment Study | 231 |
| 13.4 | Extension of Link Canal upto Palar | 231 |
| 13.5 | Public Co-operation and Participation | 232 |
| 13.6 | Public Awareness | 232 |
| | Abbreviations Used | 233 |

Volume – II

Annexures of Main Report

| Annexure No. | Particulars | Page No. |
|---------------------|---|-----------------|
| 1.1 | A Copy of Letter No. NWDA/Tech-III/152/2/2005/638-42 dated 29.07.2005 Issued from the Head Office of NWDA to Furnish the Details of Inter-Basin/Intra-Basin Links | 1 |
| 1.2 | A Copy of Letter No.175 dated 24.08.2009 from Govt. of Tamil Nadu Requesting to Assess the Feasibility of Diverting the Flood Water from the Ponnaiyar River to the Water Deficit Palar Basin | 3 |
| 1.3 | Letter of Concurrence Received from Govt. of Tamil Nadu in Respect of Ponnaiyar (Nedungal) - Palar Link Project. | 4 |
| 1.4 | A Copy of Letter Constituting Chief Engineers Level Committee for Making Policy Decisions in Respect of the DPR Project Proposals | 6 |
| 1.5 | A Copy of Letter Constituting Superintending Engineers Level Committee for Sorting Technical Issues and for Proper Co-ordination amongst the Officers of NWDA and State Govt. of Tamil Nadu | 8 |
| 1.6 | A Copy of the News Clip Giving Details of News Paper with Edition and Date Published in Leading News Paper of Tamil Nadu Region Depicting the Associative Benefits of the Scheme. | 11 |
| 3.1 | Suggested Replies to the Comments of Govt. of Karnataka on Pre-Feasibility Report of Ponnaiyar (Krishnagiri) - Palar Link Project of Tamil Nadu | 12 |
| 4.1 | Details of Permanent/Temporary Bench Marks Established by NWDA | 20 |
| 4.2 | Bearing Details of Proposed Link Canal | 21 |
| 4.3 | CD/CM Structures along the Link Canal | 23 |
| 4.4 | Copy of the Letter from Department of Archaeology, Chennai, Govt. of Tamil Nadu | 26 |
| 4.5 | Archaeological Survey of India (ASI), Govt. of India, Chennai Circle, Chennai with Detailed Report | 27 |
| 4.6 | Copy of the Letter from the Director, Engineering Geology Division, Geological Survey of India, Chennai, Regarding Mineral Deposits of Economic Importance Falling within the Proposed Project Area of the Link Canal Alignment | 31 |
| 4.7.1 to 4.7.9 | Geo-physical Investigations along the Link Canal as per Longitudinal Cross-sections based on ERT Profiles | 32 |
| 4.8 | Geo-physical Investigations at Major CD/CM Structures based on ERT Profiles | 41 |

| Annexure No. | Particulars | Page No. |
|---------------------|---|-----------------|
| 4.9.1 | Physical Test Results of Coarse Aggregate Sample Collected from Sulamalai Rock Quarry | 42 |
| 4.9.2 | Physical Test results of Coarse Aggregate Sample Collected from Gundalaguttai Rock Quarry | 43 |
| 4.10.1 | Petrographic Report of Coarse Aggregate Sample Collected from Sulamalai Rock Quarry | 44 |
| 4.10.2 | Petrographic Report of Coarse Aggregate Sample Collected from Gundalaguttai Rock Quarry | 45 |
| 4.11.1 | Test Results of Crushed Sand Sample Collected from Sulamalai Rock Quarry | 46 |
| 4.11.2 | Test Results of Natural Sand Sample Collected from Palar River at Madanur | 47 |
| 4.12 | Petrographic Report of Natural Sand Samples Collected from Palar River at Madanur | 48 |
| 5.1 | Monthly Spillway Discharge of Krishnagiri Reservoir for the period from 1958-59 to 2009-10 | 50 |
| 5.2.1 | Daily Spill over Details of Krishnagiri Reservoir during the month of October (North East Monsoon) | 54 |
| 5.2.2 | Daily Spill over Details of Krishnagiri Reservoir during the month of November (North East Monsoon) | 55 |
| 5.2.3 | Daily Spill over Details of Krishnagiri Reservoir during the month of December (North East Monsoon) | 56 |
| 6.1 | Design of Head Regulator at Off take | 57 |
| 6.1.1 | Stability Analysis for Abutment of Head Regulator | 62 |
| 6.1.2 | Stability Analysis for Piers | 64 |
| 6.1.3 | Stability Analysis of U/S Return Wall | 67 |
| 6.1.4 | Stability Analysis of D/S Return Wall | 69 |
| 6.1.5 | Design of Gates at Head Regulator | 71 |
| 6.2 | Design of Canal Section | 77 |
| 6.3 | Head Loss Statement | 78 |
| 6.4 | Design of Cross Regulator at RD 29.55 km | 83 |
| 6.4.1 | Stability Analysis for Abutment of Cross Regulator | 87 |
| 6.4.2 | Stability Analysis of Piers (CR Portion) | 89 |
| 6.4.3 | Stability Analysis of U/S Return Wall | 91 |
| 6.4.4 | Stability Analysis of D/S Return Wall | 93 |

| Annexure No. | Particulars | Page No. |
|---------------------|--|-----------------|
| 6.4.5 | Design of Gates at Cross Regulator | 95 |
| 6.5 | Design of Out-fall Regulator cum Road at RD 53.584 km | 101 |
| 6.6 | Design of Canal Outlet at RD 43.750 km | 105 |
| 6.7.1 | Design of Aqueduct at RD 18.205 km | 106 |
| 6.7.1.1 | Design of Aqueduct Barrel for Vehicular Traffic (RD 18.205 km) | 110 |
| 6.7.1.2 | Design of Abutment (RD 18.205 km) | 119 |
| 6.7.1.3 | Design of Pier (RD 18.205 km) | 123 |
| 6.7.1.4 | Design of T Shaped Cantilever Wing Wall (RD 18.205 km) | 127 |
| 6.7.2 | Design of Aqueduct at RD 29.581 km | 137 |
| 6.7.2.1 | Design of Aqueduct Barrel for Vehicular Traffic (RD 29.581 km) | 141 |
| 6.7.2.2 | Design of Abutment (RD 29.581 km) | 152 |
| 6.7.2.3 | Design of Pier (RD 29.581 km) | 156 |
| 6.7.2.4 | Design of T Shaped Cantilever Wing Wall (RD 29.581 km) | 161 |
| 6.7.3 | Design of Aqueduct at RD 45.490 km | 171 |
| 6.7.3.1 | Design of Aqueduct Barrel for Vehicular Traffic (RD 45.490 km) | 176 |
| 6.7.3.2 | Design of Abutment (RD 45.490 km) | 186 |
| 6.7.3.3 | Design of Pier (RD 45.490 km) | 190 |
| 6.7.3.4 | Design of T Shaped Cantilever Wing Wall (RD 45.490 km) | 195 |
| 6.8.1 | Design of Canal Syphon at RD 36.207 km | 204 |
| 6.8.1.1 | Structural Design of Canal Syphon at RD 36.207 km | 212 |
| 6.8.1.2 | Stability Analysis of U/S Drainage wing wall of Syphon at RD 36.207 km | 218 |
| 6.8.2 | Design of Canal Syphon at RD 39.06 km | 220 |
| 6.8.2.1 | Structural Design of Canal Syphon at RD 39.06 km | 227 |
| 6.8.2.2 | Stability Analysis of U/S Drainage wing wall of Syphon at RD 39.06 km | 233 |
| 6.8.3 | Design of Canal Syphon at RD 42.89 km | 235 |
| 6.8.3.1 | Structural Design of Canal Syphon at RD 42.89 km | 243 |
| 6.8.3.2 | Stability Analysis of U/S Drainage wing wall of Syphon at RD 42.89 km | 249 |
| 6.9.1 | Design of Super Passage at RD 38.005 km | 251 |
| 6.9.1.1 | Design of Super Passage at RD 38.005 km (Structural Design) | 258 |
| 6.9.1.2 | Stability Analysis of U/S canal wing wall of Super Passage at RD 38.005 km | 265 |

| Annexure No. | Particulars | Page No. |
|---------------------|--|-----------------|
| 6.9.2 | Design of Super Passage at RD 41.343 km | 267 |
| 6.9.2.1 | Design of Super Passage at RD 41.343 km (Structural Design) | 274 |
| 6.9.2.2 | Stability Analysis of U/S canal wing wall of Super Passage at RD 41.343 km | 281 |
| 6.10.1 | Design of Under tunnel at RD 24.306 Km (Pipes) | 283 |
| 6.10.2 | Design of Under tunnel at RD 36.108 Km (Pipes) | 289 |
| 6.10.3 | Design of Under tunnel at RD 51.358 Km (Pipes) | 295 |
| 6.11 | Design of Double Lane Road Bridge at RD 52.434 km | 301 |
| 6.11.1 | Design of Road Slab for Double Lane Road Bridge | 303 |
| 6.11.2 | Stability Analysis for Abutment of Road | 305 |
| 6.11.3 | Stability Analysis for Return Wall | 307 |
| 6.12 | Design of Canal Escape cum Cross Regulator | 309 |
| 6.12.1 | Stability Analysis for Abutment for Escape | 313 |
| 6.12.2 | Stability Analysis of D/S Return Wall | 315 |
| 7.1 | Salient Features of Krishnagiri Project | 317 |
| 7.2 | Salient Features of Nedungal Anicut (Barur Tank System) | 319 |
| 8.1 | Monthly Normals of Temperature, Relative Humidity, Cloud Amount, Wind Speed, Rainfall of Dharmapuri IMD Station (for the Period from 1961 to 1990) | 321 |
| 8.2 | Monthly Normals of Temperature, Relative Humidity, Cloud Amount, Wind Speed, Rainfall for the Period from 1961 to 1990 and *PE Values of Vellore IMD Station | 322 |
| 8.3 | Letter of Authentication of Cropping Pattern under the Link Project by State Agriculture Department, Vellore, Govt. of Tamil Nadu | 323 |
| 8.4.1 | Computation of Crop Water Requirement using the Climatological Data of Vellore IMD Observatory(with surface water) | 326 |
| 8.4.2 | Computation of Crop Water Requirement using the Climatological Data of Vellore IMD Observatory(with ground water) | 332 |
| 8.5.1 | Computation of Weighted Average Delta (with surface water crop water requirement) | 338 |
| 8.5.2 | Computation of Weighted Average Delta (with groundwater crop water requirement) | 339 |
| 8.6 | Crop wise Monthly Gross Irrigation Requirement Enroute the Link Canal | 340 |
| 8.7 | Crop wise Monthly Gross Irrigation Requirement in Vaniyambadi Taluka | 342 |

| Annexure No. | Particulars | Page No. |
|---------------------|--|-----------------|
| 8.8 | Details of the Enroute Tanks (Eris) Benefitted in the Command Area | 344 |
| 8.9 | Report on Identification of Ground Water Recharge Area and Recharge Possibilities in Vaniyambadi Taluka along the Proposed Ponnaiyar (Nedungal) - Palar Link Canal Project | 345 |
| 9.1 | Schedule of Work Programme | 350 |
| 9.2 | Q - Special Tools & Plant - Abstract of Cost | 351 |
| 9.3 | Organisation Chart | 353 |
| 9.4 | Requirement of Staff (Other than Field Staff) | 354 |
| 9.5 | Requirement of Field Staff | 355 |
| 12.1 | Abstract of Cost of Link Project (Nedungal Anicut to Godd Ar) | 356 |
| 12.2 | Abstract of Cost of Unit-I : Head Works | 357 |
| 12.2.1 | Cost Estimate for Head Regulator at Off take | 358 |
| 12.2.1.1 | Quantity Estimate for Head Regulator at Off take | 363 |
| 12.3 | Abstract of Cost of Unit-II: Canal | 369 |
| 12.3.1 | A-Preliminaries | 370 |
| 12.3.1.1 | Unit-II Canal - Abstract of Cost (B-Land) | 371 |
| 12.3.1.2 | Unit-II Canal - Land Guideline Values (B-Land) | 372 |
| 12.3.2 | Abstract of Cost (D- Regulators) | 373 |
| 12.3.3 | Cost Estimate for Cross Regulator cum Canal Escape at RD 29.550 km | 374 |
| 12.3.3.1 | Quantity Estimate for Cross Regulator cum Canal Escape at RD 29.550 km | 378 |
| 12.3.4 | Cost Estimate for Outfall Regulator cum Single Road Bridge at RD 53.584 km | 385 |
| 12.3.4.1 | Quantity Estimate for Outfall Regulator cum Road Bridge at RD 53.584 km | 389 |
| 12.3.5 | Cost Estimate for Canal Outlet at RD 43.75 km | 393 |
| 12.3.5.1 | Quantity Estimate for Canal Outlet at RD 43.75 km | 395 |
| 12.3.6 | Abstract of cost (F-Cross Drainage Structures) | 397 |
| 12.3.7 | Cost Estimate for Aqueduct at RD 29.581 km | 398 |
| 12.3.7.1 | Quantity Estimation for Aqueduct at RD 29.581 km | 402 |
| 12.3.8 | Cost Estimate for Canal Syphon at RD 42.890 km | 406 |
| 12.3.8.1 | Quantity Estimation for Canal Syphon at RD 42.89 km | 409 |

| Annexure No. | Particulars | Page No. |
|---------------------|---|-----------------|
| 12.3.9 | Cost Estimate for Super Passage at RD 38.005 km | 412 |
| 12.3.9.1 | Quantity Estimation for Super Passage at RD 38.005 km | 414 |
| 12.3.10 | Cost Estimate for Under Tunnel at RD 24.306 km | 417 |
| 12.3.10.1 | Quantity Estimation for Under Tunnel at RD 24.306 km | 419 |
| 12.3.11 | Abstract of Cost G- Bridges | 420 |
| 12.3.12 | Cost Estimate of Double Lane Road Bridge at RD 52.434 km | 422 |
| 12.3.12.1 | Quantity Estimation of Double Lane Road Bridge at RD 52.434 km | 429 |
| 12.3.13 | Cost Estimate of Single Lane Road Bridge at RD 50.514 km | 434 |
| 12.3.13.1 | Quantity Estimation of Single Lane Road Bridge at RD 50.514 km | 442 |
| 12.3.14 | Cost Estimation for Railway Bridge at RD 51.529 km | 447 |
| 12.3.14.1 | Quantity Estimation for Railway Bridge at RD 51.529 km | 449 |
| 12.3.15 | L - Earthwork | 451 |
| 12.3.15.1 | Quantity of Canal Earthwork Work Computation | 454 |
| 12.3.16 | M - Plantation | 457 |
| 12.3.17 | O - Miscellaneous | 458 |
| 12.3.18 | Q- Special Tools & Plant : Abstract of Cost | 460 |
| 12.3.19 | X- Environment & Ecology : Abstract of Cost | 462 |
| 12.4 | Unit-III: Command Area Development- Additional Infrastructures for Utilisation of Ground Water Recharge | 463 |
| 12.5 | Ground Water Level at Project Area | 464 |
| 12.6 | Statement Showing Estimated Value of Produce before Canal Irrigation in Link Command | 465 |
| 12.7 | Statement Showing Estimated Value of Produce after Canal Irrigation in Link Command | 466 |
| 12.8 | Calculation of Net Benefit before Irrigation in Link Command | 467 |
| 12.9 | Calculation of Net Benefit after Irrigation in Link Command | 468 |
| 12.10 | Energy Requirement Computation | 469 |
| 12.11 | Computation of Benefit Cost Ratio | 470 |
| 12.12 | Internal Rate of Return (IRR) for Canal upto Godd Ar | 471 |
| 12.13 | Rates of Conveyance of Materials by Road | 473 |
| 12.14 | Standard Schedule of Rates for the Year 2014 - 15 | 474 |
| 12.15 | Lead Statement | 476 |

| Annexure No. | Particulars | Page No. |
|---------------------|--------------------------|-----------------|
| 12.16 | Rate Analysis | 477 |
| 12.17 | Rate Analysis (Abstract) | 482 |

Volume – III

Appendices: Surveys & Investigations

| Appendix No. | Particulars |
|--------------|--|
| 4.1 | GSI, Chennai Report No. EG/C/SR/TNP/2014/ 090 on the Preliminary Stage Geo-Technical Investigations of Ponnaiyar (Nedungal) – Palar Link Project– August 2015 |
| 4.2 | CSMRS, New Delhi Report No. 1 RM-L/ CSMRS/E/07/2015 on Laboratory Investigations of Rock Samples of Ponnaiyar (Nedungal) – Palar Link Project –July 2015 |
| 4.3 | NGRI, Hyderabad Technical Report No. NGRI-2014-Environ-866 on Geophysical Investigations along the Proposed Link Canal of Ponnaiyar (Nedungal) – Palar Link Project –December 2014 |
| 4.4 | CSMRS, New Delhi Report No. 02/Soil-I/CSMRS/E/06/2015 on Soil Investigations along the Proposed Canal Alignment of Ponnaiyar (Nedungal) - Palar Link Project –June 2015 |
| 4.5 | CSMRS, New Delhi Report No. 01/Soil-I/ CSMRS/E/06/2015 on Laboratory Investigations on Soil Samples from Borrow Areas along the Proposed Canal Alignment of Ponnaiyar (Nedungal) – Palar Link Project –June 2015 |
| 4.6 | CSMRS, New Delhi Report No. 05/Soil-I/SM/ CSMRS/E/07/2015 on Foundation Investigations of Cross Drainage Structures of Ponnaiyar (Nedungal) – Palar Link Project –July 2015 |
| 4.7 | CSMRS, New Delhi Report on the Construction Materials Survey for Suitability of Rock/ Sand Samples for Use as Coarse and Fine Aggregate in Concrete For Ponnaiyar (Nedungal) – Palar Link Project |

Volume – IV

Drawings: Surveys & Investigations and Design Aspects

| Sl. No. | Plate No. | Title |
|---------|-----------------|---|
| 1 | 1.1 | Index Map of Ponnaiyar (Nedungal) - Palar Intra – state Link Project |
| 2 | 1.2 | Line Diagram of Link Canal Alignment |
| 3 | 4.1 | L-Section of Ponnaiyar River (Off-take Point) at Nedungal Anicut |
| 4 | 4.2.1 to 4.2.17 | Cross Sections of Ponnaiyar River (Off-take Point) at Nedungal Anicut |
| 5 | 4.3 | Contour Plan of Ponnaiyar River (Off-take Point) at Nedungal Anicut |
| 6 | 4.4.1 to 4.4.6 | L-Section of Godd / Kal River (Outfall Point) |
| 7 | 4.5.1 to 4.5.9 | Cross Sections of Godd / Kal River (Outfall Point) |
| 8 | 4.6.1 to 4.6.3 | Contour Plan of Godd / Kal River (Outfall Point) |
| 9 | 4.7.1 | Contour Plan and L-Section of Link Canal from RD 0 to 2000 m |
| 10 | 4.7.2 | Contour Plan and L-Section of Link Canal from RD 2000 m to 4000 m |
| 11 | 4.7.3 | Contour Plan and L-Section of Link Canal from RD 4000 m to 6000 m |
| 12 | 4.7.4 | Contour Plan and L-Section of Link Canal from RD 6000 m to 8000 m |
| 13 | 4.7.5 | Contour Plan and L-Section of Link Canal from RD 8000 m to 10000 m |
| 14 | 4.7.6 | Contour Plan and L-Section of Link Canal from RD 10000 m to 12000 m |
| 15 | 4.7.7 | Contour Plan and L-Section of Link Canal from RD 12000 m to 14000 m |
| 16 | 4.7.8 | Contour Plan and L-Section of Link Canal from RD 14000 m to 16000 m |
| 17 | 4. 7.9 | Contour Plan and L-Section of Link Canal from RD 16000 m to 18000 m |

| Sl. No. | Plate No. | Title |
|----------------|------------------|---|
| 18 | 4. 7.10 | Contour Plan and L-Section of Link Canal from RD 18000 m to 20000 m |
| 19 | 4. 7.11 | Contour Plan and L-Section of Link Canal from RD 20000 m to 22000 m |
| 20 | 4. 7.12 | Contour Plan and L-Section of Link Canal from RD 22000 m to 24000 m |
| 21 | 4. 7.13 | Contour Plan and L-Section of Link Canal from RD 24000 m to 26000 m |
| 22 | 4. 7.14 | Contour Plan and L-Section of Link Canal from RD 26000 m to 28000 m |
| 23 | 4. 7.15 | Contour Plan and L-Section of Link Canal from RD 28000 m to 30000 m |
| 24 | 4. 7.16 | Contour Plan and L-Section of Link Canal from RD 30000 m to 32000 m |
| 25 | 4. 7.17 | Contour Plan and L-Section of Link Canal from RD 32000 m to 34000 m |
| 26 | 4. 7.18 | Contour Plan and L-Section of Link Canal from RD 34000 m to 36000 m |
| 27 | 4. 7.19 | Contour Plan and L-Section of Link Canal from RD 36000 m to 38000 m |
| 32 | 4. 7.20 | Contour Plan and L-Section of Link Canal from RD 38000 m to 40000 m |
| 33 | 4. 7.21 | Contour Plan and L-Section of Link Canal from RD 40000 m to 42000 m |
| 34 | 4. 7.22 | Contour Plan and L-Section of Link Canal from RD 42000 m to 44000 m |
| 35 | 4. 7.23 | Contour Plan and L-Section of Link Canal from RD 44000 m to 46000 m |
| 36 | 4. 7.24 | Contour Plan and L-Section of Link Canal from RD 46000 m to 48000 m |
| 37 | 4. 7.25 | Contour Plan and L-Section of Link Canal from RD 48000 m to 50000 m |
| 38 | 4. 7.26 | Contour Plan and L-Section of Link Canal from RD 50000 m to 52000 m |

| Sl. No. | Plate No. | Title |
|----------------|------------------|--|
| 39 | 4. 7.27 | Contour Plan and L-section of Link Canal from RD 52000 m to 54150 m |
| 40 | 4.8.1 | Condensed L-Section of Link Canal from RD 0 to 15000 m |
| 41 | 4.8.2 | Condensed L-Section of Link Canal from RD 15000 m to 30000 m |
| 42 | 4.8.3 | Condensed L-Section of Link Canal from RD 30000 m to 45000 m |
| 43 | 4.8.4 | Condensed L-Section of Link Canal from RD 45000 m to 54150 m |
| 44 | 4.9.1 to 4.9.8 | Contour Plan, L-section and Cross-sections for Proposed CD/CM Structures |
| 45 | 4.10 | Communication Map of Ponnaiyar (Nedungal) – Palar Intra State Link |
| 46 | 4.11 | Map Showing the Soils in the Proposed Command Area |
| 47 | 4.12 | Map Showing the Locations of Soil Samples Collected |
| 48 | 4.13 | Map Showing the Locations of Drill Holes at CD/CM Structures |
| 49 | 4.14 | Quarry Map |
| 50 | 6.1 | Layout Plan of Krishnagiri Reservoir Project |
| 51 | 6.2 | Map Showing Masonry Dam of Krishnagiri Reservoir Project |
| 52 | 6.3 | Layout Plan of Existing Nedungal Anicut |
| 53 | 6.4 | Plan and Sectional Elevation of Proposed Head Regulator at Off-take |
| 54 | 6.4.1 | 3300 mm x 2300 mm Head Regulator Service Gate General Installation |
| 55 | 6.5.1 | Map Showing Link Alignment from RD 0.000 to 40.840 km |
| 56 | 6.5.2 | Map Showing Link Alignment from RD 40.840 to 42.762 km |
| 57 | 6.5.3 | Map Showing Link Alignment from RD 42.762 to 54.150 km |

| Sl. No. | Plate No. | Title |
|----------------|------------------|---|
| 58 | 6.6 | Sections of Canal in Filling @ RD 24306 m, in Deep Cutting @ RD 28700 m and in Partial Cutting & Partial filling @ RD 11400 m |
| 59 | 6.7.1 | Plan of Proposed Cross Regulator cum Canal Escape at RD 29.550 km |
| 60 | 6.7.2 | Sectional Elevation of Proposed Cross Regulator and Canal Escape at RD 29.550 km |
| 61 | 6.7.3 | 4000 mm x 2450 mm Cross Regulator Service Gate General Installation at RD 29.550 km |
| 62 | 6.8 | Plan and Section of Proposed Outfall Regulator cum SLRB at RD 53.584 km |
| 63 | 6.9 | Plan and Sectional Elevation of Canal Outlet at RD 43.750 km |
| 64 | 6.10.1 | Plan and Sectional Elevation of Proposed Canal Aqueduct at RD 18.205 km |
| 65 | 6.10.2 | Plan and Sectional Elevation of Proposed Canal Aqueduct at RD 29.581 km |
| 66 | 6.10.3 | Plan and Sectional Elevation of Proposed Canal Aqueduct at RD 45.490 km |
| 67 | 6.11.1 | Plan and Sectional Elevation of Canal Syphon at RD 36.207 km |
| 68 | 6.11.2 | Plan and Sectional Elevation of Canal Syphon at RD 39.060 km |
| 69 | 6.11.3 | Plan and Sectional Elevation of Canal Syphon at RD 42.890 km |
| 70 | 6.12.1 | Plan and Sectional Elevation of Proposed Super Passage at RD 38.005 km |
| 71 | 6.12.2 | Plan and Sectional Elevation of Proposed Super Passage at RD 41.343 km |
| 72 | 6.13.1 | Sectional Elevation and Plan of RCC Pipe Under Tunnel at RD 24.306 km |
| 73 | 6.13.2 | Sectional Elevation and Plan of RCC Pipe Under Tunnel at RD 36.108 km |
| 74 | 6.13.3 | Sectional Elevation and Plan of RCC Pipe Under Tunnel at RD 51.358 km |

| Sl. No. | Plate No. | Title |
|----------------|------------------|--|
| 75 | 6.14 | Plan and Sectional Elevation of Double Lane Road Bridge at RD 52.434 km |
| 76 | 6.15 | Plan and Sectional Elevation of Canal Syphon at Railway Crossing at RD 51.530 km |
| 77 | 8.1 | Soil Map of Basin Area Covered by the Streams between Palar and Cauvery |
| 78 | 8.2 | Soil Map of Basin Area Covered by Palar including Poini and Cheyyar |
| 79 | 8.3 | Map Showing the Command Area Proposed for Stabilization |
| 80 | 8.4 | Land use / Land Cover Map of Basin Area Covered by the Streams between Palar and Cauvery |
| 81 | 8.5 | Land use / Land Cover Map of Basin Area Covered by Palar including Poini and Cheyyar |
